DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

Claims 1 & 2 are allowed.

Regarding claim 1, prior art fails to teach in view of applicant's remarks, after having all the limitations, that the projecting part and a FPC passage route of the second hinge aperture, have a second slot serving as a passageway for a FPC'S connection part, the second slot allowing the FPC'S connection part that is wider than the diameter of the second hinge aperture to pass there through as well as the second knuckle has a subsidiary guide slot on the opposite parts of the projecting part and the FPC passage route of the second hinge aperture, serving as a guideway for the FPC'S connection part and preventing the FPC'S connection part from being damaged during passing the second hinge aperture. Claim 2 is allowed, since it is dependent on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
